COMPOSITING & VFX SUPERVISOR

New York, NY | www.celesteleizer.com | celesteleizer@gmail.com

Profile

I am a senior compositor and VFX artist with 15 years of experience across episodic content, commercials, and large-scale VFX productions. I'm highly proficient in Adobe After Effects, Nuke, Maya, and the full Adobe Creative Cloud suite, with deep expertise in compositing, keyframing, animation principles, and post-production workflows. My background includes roles as Compositing Supervisor, Compositing Lead, and FX TD Generalist, giving me a strong understanding of studio pipelines and cross-department collaboration. I specialize in creating and integrating real visual effects—not just motion graphics—ensuring realistic lighting, shadows, and interaction with footage. With a track record of delivering high-quality VFX under tight deadlines, I'm well-suited for roles that require true VFX artistry and advanced compositing.
